

BHG report for BPC September 2026

Dr Paul Staker gave a very interesting talk about the history of the Chestnut Surgery in East Street; including the building and many of its doctors, his book is currently being revised and should be available soon.

On October 9th 10.30am in the Parish hall Andrew Richardson will tell us about his work as the Kent Finds Liaison officer. The meeting will be preceded by a short AGM at 10am, visitors are welcome.

Our website now has an archive section devoted to Farming if you have any old articles, photographs or memories that we can record please contact me.
