

Wises Lane Monitoring Group

Monthly report

May 2024

With the changes to procedures outlined last month there should be 2 reports for the WLMG, one on the last month's meeting with the developer and one to formulate the agenda for the next meeting with the developer.

April / May Meeting with DHA

There has not been a meeting with them since 12th April which was fully reported at the last FC meeting.

The reason being both parties had no items to report of discussion.

May / June meeting with DHA

There are currently no items for discussion other than the Notice Board for the Fiery Clearwing proposed by DHA to be erected on the fence where they were moved to in the Nature Reserve area.

Should any items be raised at this meeting for discussion with DHA these can be taken to them as a full meeting or one-off call.

Cllr Brian Jemmett

Chairman WLMG
